YOUTH MOTIVATION JOB — CAREER CONFERENCE

Our school is involved in the Youth Motivation Program of the Chicago Association of Commerce and Industry. Through this program our students are inspired by minority as well as non-minority business people to get an education and reach for new opportunities.

Our invited program volunteers are skilled professionals in a variety of fields who share their experiences, educational background and career goals with our students. They encourage our students through their experiences to stay in school, continue their education and acquire the necessary skills for future employment goals.

FACULTY

TO THE GRADUATES

Dear Class of 1986,

As high school graduates, you have passed a great milestone. Your life to this point has been mapped out for you by others-parents, teachers, and other adults who planned your education and what you should learn. At Phillips we have tried to give you a living fund of knowledge from which you can generate ideas. You are now entering a period when you will begin to apply what you have learned to the problems of general living. As one peak is climbed, farther ranges will appear upon the horizon, beckoning to you. How you respond to the challenges and opportunities from this point on will determine your personal self-fulfillment.

To get the most out of life, it is important that you have a desire to keep learning, that you develop faith in yourselves, that you have the right attitudes, and that you have the perseverance to keep striving, never giving up.

Studies of biography show that persons who achieve usually have an aim, and they sacrifice rest and pleasure and applause for that aim. So education seeks to give a person an aim to get that person to think for himself and to try for himself. If we at Phillips have succeeded in giving you that information and inspiration, we are indeed very happy.

No one can pack enough in his mind during his school days to last a lifetime. Education ends only with one's life. What you have learned at school is something to which you must add, day by day, year by year, and pass on to others.

As you leave Phillips High School, you take with you part of us- our prayers, our hopes, and our very best wishes for your success.

God bless you.

SENIORS

SENIOR CLASS OFFICERS

PRESIDENT'S NOTE:

SENIORS,

This is our year. We finally made it after all of the hard work and struggling to get to school and classes on time before the teachers closed the doors in our faces.

This is only the second step in our lives; grammar school being the first. After this step comes the third and final one which is going to college and/or working and starting to make a life for ourselves and our future families.

After graduation we will all depart and go our separate ways. However, we will meet again for sure on our tenth year reunion of the class of 1986 in 1996. Don't forget, we will meet again.

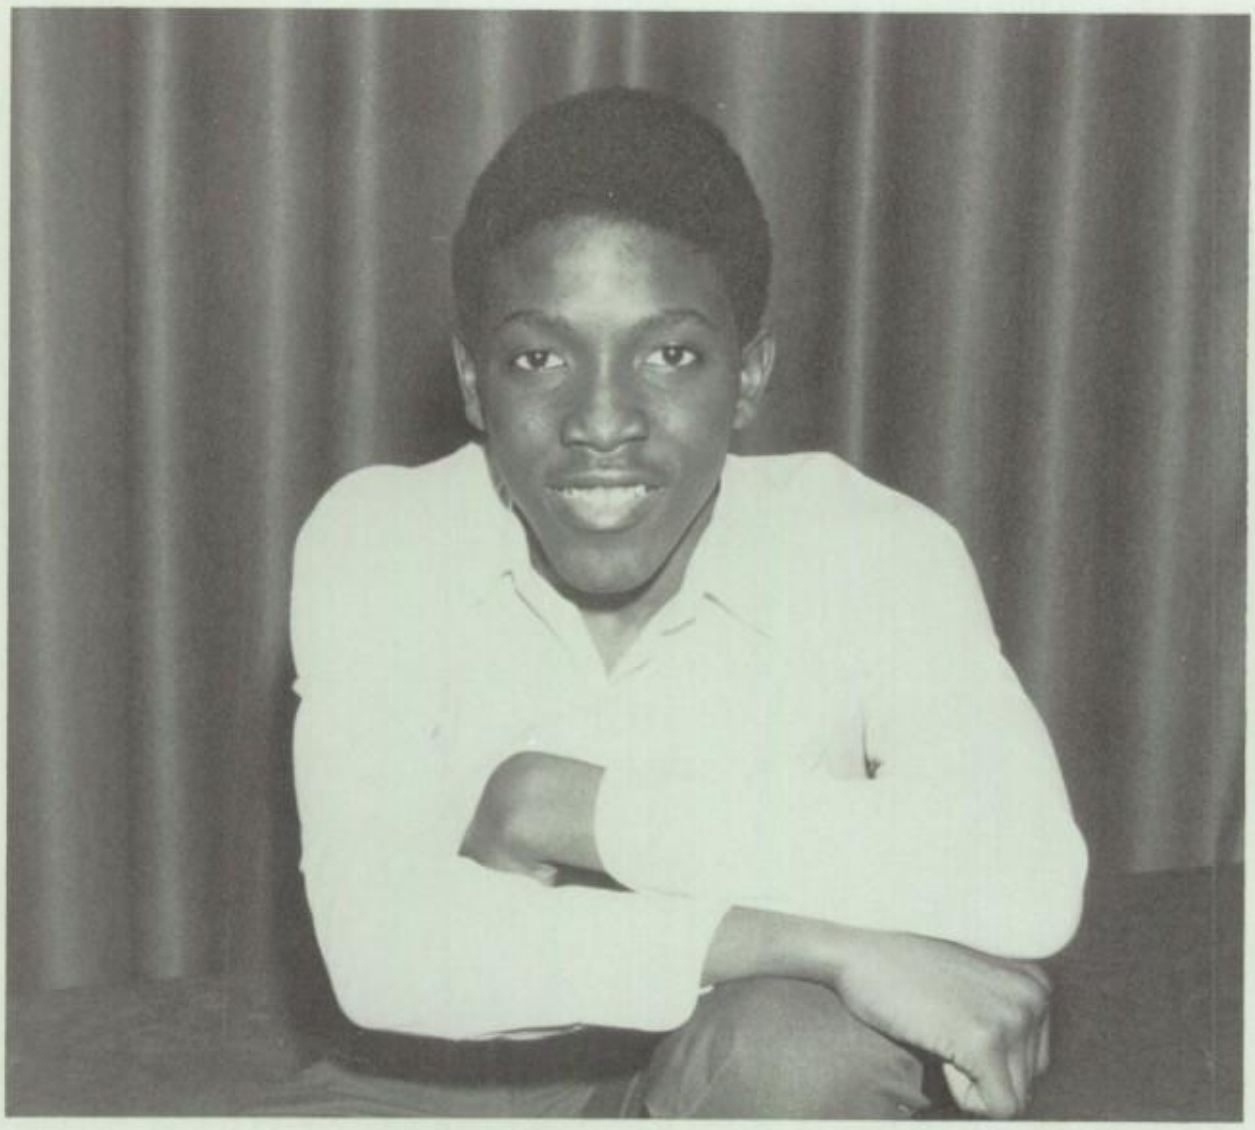
MALIK YOUNG REPRESENTS PHILLIPS IN "KNOW YOUR HERITAGE"



Malik Young of division 801 represented Phillips in the "Know Your Heritage" 1986 telecast as a member of the Bethune Asaanti Team which placed 4th in the 1986 competition. The Bethune Asaanti Team consisted of students from Bowen, Phillips, Simeon, and C.V.S. High Schools. Malik trained until the days of the final competition. Prior to this, Malik had participated in a rehearsal on Jan. 18, 1986. Malik did particularly well in the mathces, except on the scramble board. In a statement by Malik, he said "I knew very well that I would not be good on the scramble board. When I trained, I learned early that I was deficient in that area." However in other rounds, Malik seemed to have became the team itself.

BLACK HISTORY ASSEMBLY

The Afro-History Club was honored to present the Rev. T.L. Barrett as their black history month speaker. He is a former Phillipsite and a member of Phillips Hall of Fame. He gave the students words of wisdom and encouragement to overcome problems which they may encounter in the years to come.

YOUTH MOTIVATION CAREER

WE PUT IT TOGETHER

Dear Seniors,

During the past school year I've had the opportunity to make this year's yearbook a good one for you. I would like to thank the 1985-86 yearbook staff for all of their hard work and fun times. Special thanks to Jackie Ellis (Activity Editor), Rhonda Hodges and Tiffany Trice (Copy Editors), and Deidra Woods. My sincere apreciation goes to Ms. Ruby Brooks for giving me the opportunity and assistance in creating this yearbook. Good luck in the years to come.

Yours truly,
